

**RAZ** Mobility™

# QUICK START GUIDE

**SAMSUNG  
GALAXY TAB  
S4 10.5  
TABLET**

[www.razmobility.com](http://www.razmobility.com)

## Congratulations on receiving a new Samsung Galaxy Tab S4 tablet!

To operate your tablet, you'll need access to the internet using a Wi-Fi at your home, or at a different location.

- In case you have internet and Wi-Fi at your home, please have the Wi-Fi network name and password ready.

To operate your tablet when not connected to a Wi-Fi network, you'll need a wireless service plan with a data package:

- If you already have a wireless plan, please contact your wireless provider to transfer the service to your new Samsung tablet. Your tablet is provided as a Verizon, Sprint or AT&T version and will work with the corresponding provider.

### Quick Start Guide

## POWER UP

1. Charge your tablet and turn on your tablet by pressing and holding the on/off (power) button on the right edge of the tablet until an image shows up on the tablet screen.

2. Wait until the tablet start up process is complete and then follow the prompts and instructions shown on the tablet display.
3. Select your language and continue following the prompts.

4. Note: your tablet comes with a special USB charger for the fastest charging speeds. Using other chargers is not recommended and can slow down charging speed. Avoid incompatible USB chargers and uncertified adaptors and cables, as they may damage your tablet. Charge your tablet and turn on your tablet by pressing and holding the on/off (power) button on the right edge of the tablet until an image shows up on the tablet screen.

## 5. Keys

Key	Function
 <b>Power</b>	<ul style="list-style-type: none"><li>• Press and hold to turn the device on or off.</li><li>• Press to turn on or lock the screen.</li></ul>
 <b>Recents</b>	<ul style="list-style-type: none"><li>• Tap to open the list of recent apps.</li><li>• Tap and hold to launch the split screen view.</li></ul>
 <b>Home</b>	<ul style="list-style-type: none"><li>• Press to turn on the screen while the screen is locked.</li><li>• Press to return to the Home screen.</li><li>• Press and hold to launch <b>Google</b>.</li></ul>
 <b>Back</b>	<ul style="list-style-type: none"><li>• Tap to return to the previous screen.</li></ul>
 <b>Volume</b>	<ul style="list-style-type: none"><li>• Press to adjust the device volume.</li></ul>

## SELECT WI-FI

1. You'll be prompted to select a Wi-Fi network. If you have a Wi-Fi at your home, select the Wi-Fi and enter the corresponding password.
2. In case you do not have a Wi-Fi at your home, skip this step and the tablet will use your wireless service to access the internet.

## SIGN IN

1. After you power on, just follow the screen prompts to get started.
2. If you use Gmail™, you already have a Google™ account – if not, you can create an account during setup. Signing in to your Google account lets you access, sync and back up your stuff. See your Google apps, contacts, calendar, photos and more.
3. For help with your Google account, visit [www.google.com/accounts](http://www.google.com/accounts).

Sign in to access and sync your contacts, calendar and photos.

Once you have completed the steps as prompted, the setup is complete and your tablet is ready to use!

## HOME SCREEN & APPS

The Home screen is what you see when you turn on your tablet. From here you can explore apps and more.

*Note:* software updates happen frequently, so your screen may look a little different.

Swipe down with one finger for notifications or with two fingers for profiles and settings.

Search by typing or say “OK, Google.”

Touch and hold an empty spot to change widgets, wallpaper and more.

Tap Apps  to see all your apps.

## TIPS AND TRICKS

- **Return:** to return to the Home screen from any location, tap the circle at the bottom of your display.
- **Pages:** to add a page, drag an app to the right side of the screen until you see a white bar. You can add multiple pages. To see other pages of shortcuts and widgets (if available), swipe the Home screen left.
- **Settings:** to quickly open common settings, swipe the status bar down with two fingers. To open more settings, tap the Settings app icon .
- **Shortcuts:** swipe up, touch and hold an app, then drag it to one of your Home screen pages.
- **Apps:** to remove an app from a Home screen page, touch and hold the app, then drag it to Remove. (The app isn't removed from your tablet, just the Home screen.)
- To uninstall apps from your Home screen, touch and hold the app, then drag it to Uninstall. (You can't uninstall some apps.)

## STATUS & NOTIFICATIONS

At the top of the screen, icons on the left notify you about new messages or events. If you don't know what an icon means, swipe the status bar down for details.

Tip: getting too many notifications? Touch and hold a notification to see which app is sending them to you. Then you can turn them off.

Swipe down to see your notifications.

Tip: to remove a notification, swipe left or right.

Tap to clear your notifications.

Icons at the top right of the screen tell you about tablet status:

Key	Function
 <b>Power</b>	<ul style="list-style-type: none"><li>• Press and hold to turn the device on or off.</li><li>• Press to turn on or lock the screen.</li></ul>
 <b>Recents</b>	<ul style="list-style-type: none"><li>• Tap to open the list of recent apps.</li><li>• Tap and hold to launch the split screen view.</li></ul>
 <b>Home</b>	<ul style="list-style-type: none"><li>• Press to turn on the screen while the screen is locked.</li><li>• Press to return to the Home screen.</li><li>• Press and hold to launch <b>Google</b>.</li></ul>
 <b>Back</b>	<ul style="list-style-type: none"><li>• Tap to return to the previous screen.</li></ul>
 <b>Volume</b>	<ul style="list-style-type: none"><li>• Press to adjust the device volume.</li></ul>

# SETTINGS

To manage your tablet options and settings such as ringtones, volume, security, Bluetooth – from the home screen, access the list of all apps, then open the Settings app, and select the settings option you would like to manage.

For detailed step-by-step instructions visit [www.razmobility.com/support](http://www.razmobility.com/support) or open the Device Help application on your tablet.

## ACCESSIBILITY OPTIONS

Android devices offer exceptional built-in accessibility options and third-party accessibility applications. RAZ Mobility has an extensive section on its website dedicated to accessibility.
