

## Guide – Ordering food using the GrubHub app

### Sign in:

- Open the GrubHub app on your iPad.
- Sign in using your GrubHub account or just tap “Let’s Go” to order (you can create an account at the end).

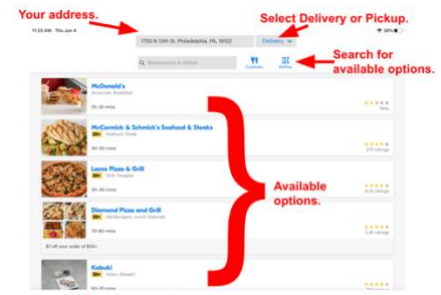

Tap here to create a new account.

Tap here to sign in to existing account.

### Choose a restaurant:

- First, enter your address.
- You will see a list of restaurants you can order from. You can choose restaurants that do delivery or pick up.
- Tap on your selection.

### Place your order:

- You can choose the delivery date and time.
- Tap on the items you want to order.
- You might have to make some selections. Tap the down arrows to see options.
- Tap “Add to bag” to add this item to your order.
- To add more items, tap on the item and repeat the selection steps. Don’t forget to “Add to bag” each time!

Make selections.

Add to bag when done.

## Checkout:

- When you're done adding items, tap on "Bag."
- You will see a summary of the order and the total cost. You will now be able to add a tip for the delivery driver.
- Tap "Continue to checkout."
- If you are logged into your GrubHub account, you will be able to select your saved payment options. If you are new to GrubHub, you will now create an account and enter payment info.
- Select payment method and place your order!
