

## Guide – Ordering Grubhub with voice control of Amazon Alexa

### Enabling skill on Amazon Alexa

- First you will need to go to the amazon alexa skills page and download the skill.
- Go to the Alexa app on your device.
- Type in “Gubhub” in the skills search
- Download the skill.

**GRUBHUB**

### Ordering from Grubhub Reorder:

- Say “Alexa, tell Grubhub I’m hungry”
- Alexa say “Welcome to Grubhub! Here are the latest orders available for reorder”. Alexa will remind you of your previous 3 orders
- Alexa will respond to “I want” or “reorder” and either the number or the food purchased.
- This skill is only to reorder, not to create new orders.
