

Guide – Ordering Groceries on Instacart

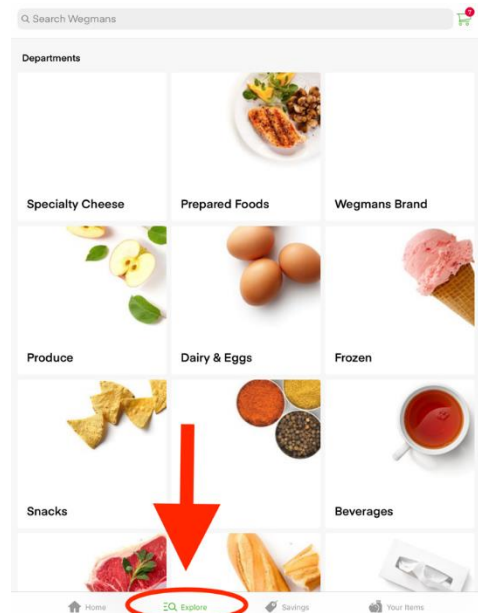

Sign up

- Find the Instacart app on your iPad. It looks like a carrot.
- Tap the icon to open
- Type your zip code and tap “continue.”
- Choose the store you want to buy from.
- Choose one of the sign up options or click “continue as guest.”

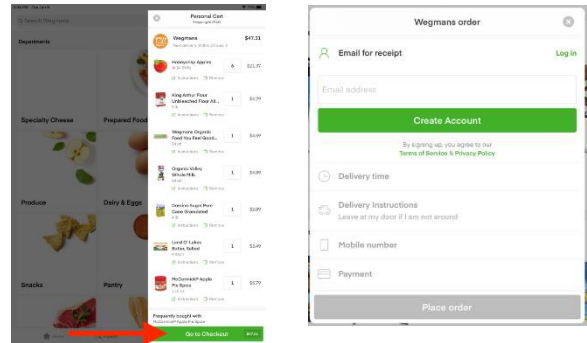

Place an order

- Use the search bar to find things you need or tap “Explore” at the bottom of the page to browse.
- Click the plus sign to add an item to your cart.
- When you have all your items, touch the shopping cart in the top right corner of the page.
- Tap “Go to Checkout.”
- Type your delivery address and tap “save.”

Check out your items

- When you have all your items, touch the shopping cart in the top right corner of the page.
- Tap “Go to Checkout.”
- Type your delivery address and tap “save.”
- Follow the prompts to type your email address, choose a delivery time, and provide payment information.
- Tap “Place order” when all information has been entered.

Pair Device.

- Your iPad will search for available Bluetooth devices.
- Select and pair with your mouse or trackpad.
- Once paired, go back a screen and go to the top.
- Toggle Assistive Touch on.
- You will then see the pointer (cursor) on the screen.
