

Borrowing from the TechOWL Assistive Technology Lending Library

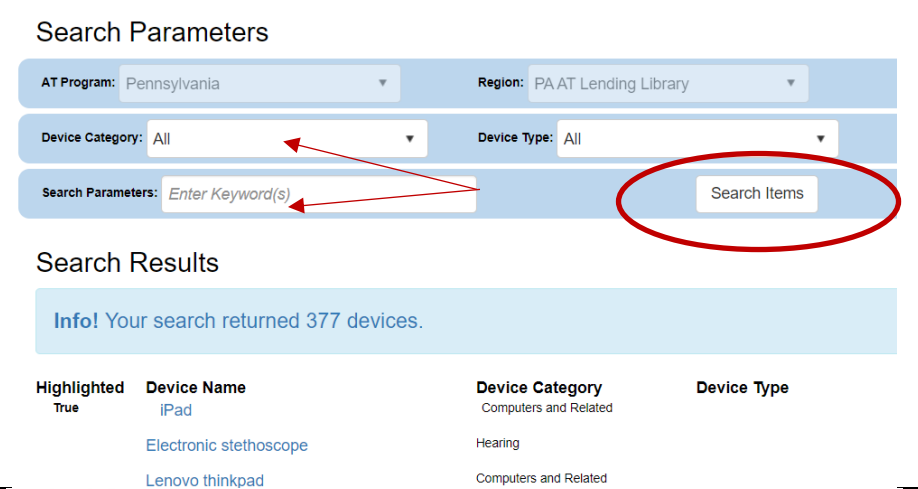

1) Visit <https://techowlpa.org/library/> and click "Go to the New Library."

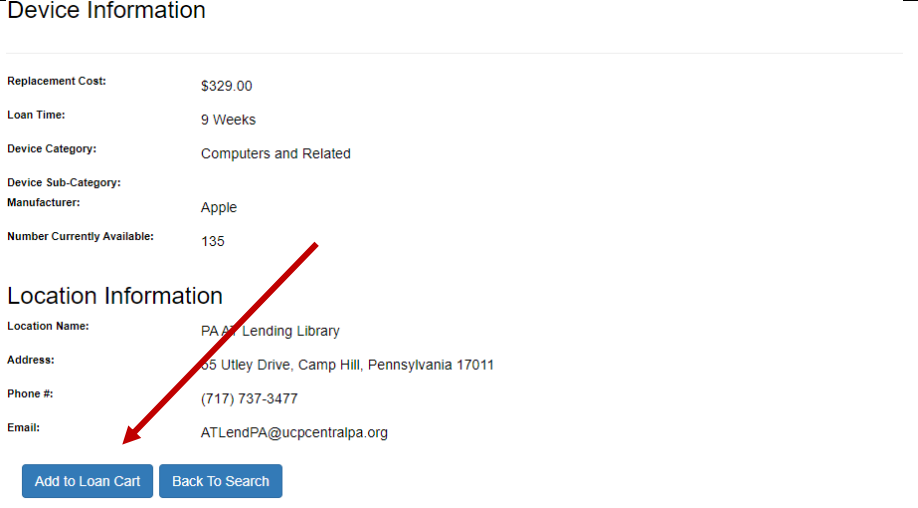

- 2) Sign in.
- If this is your first time visiting: click "register for an account." Complete the form to create a username and password, then click save.
 - If you have used the library before: click "login."

3) Click "view items for loan." You will now be able to see and request devices. Find the item you want by typing its name in the search bar. Or browse items by category using the drop-down menu. Remember to hit the search button.

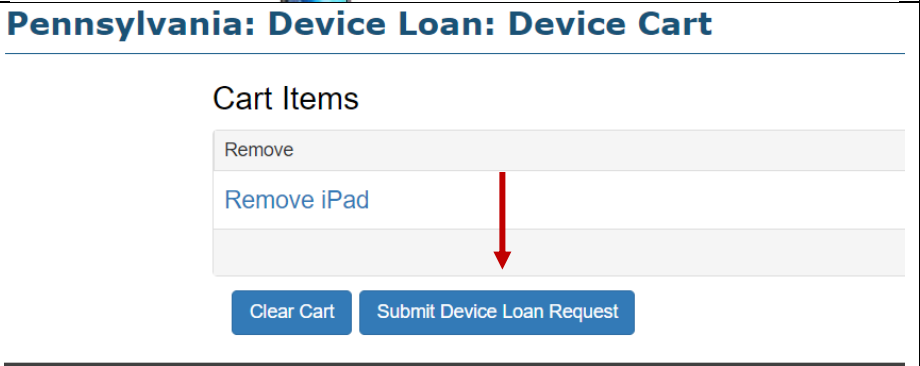

4) Click on the device name to see more information. From the device description page, you can click "Add to Loan Cart."

5) Once the device is added you can select "View Loan Cart" at the top of the page.

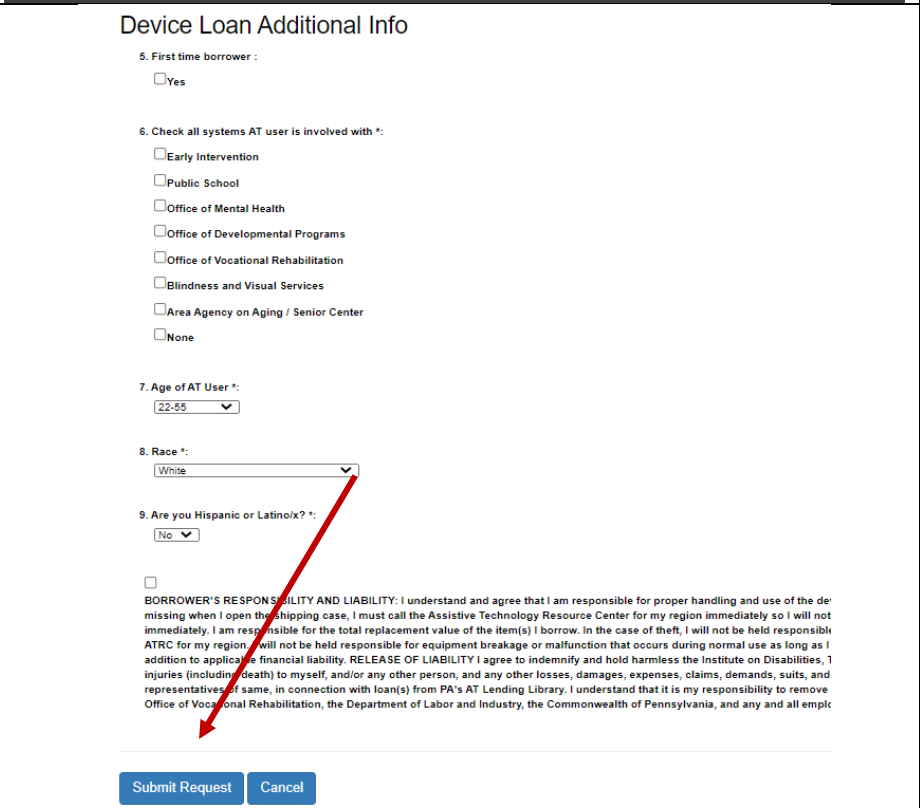

6) Submit the device loan request. You will still be able to provide more information after this step.

7) Complete additional information. Enter in the "notes" section anything you would like us to know, such as a different shipping address or what apps are needed on an iPad.

Once finished, click "Submit Request."

8) You're done! You should receive an email when your item ships. If you have any questions, contact TechOWL's main office or your local [Assistive Technology Resource Center](#).
